

Name	Wannasa Piantham, B.Sc.				
Thai name	นางสาววรรณษา เพียรธรรม				
Position	Radiological Technologist (Teacher Assistance)				
Responsibility for School	-				
Email	Wannasa.pia@cra.ac.th				
Expertise	-				
Research Interest	-				
Educational Background					
Education level	Graduation year	Education field	University/School	Province	Country
Doctoral degree					
Master's degree	Studying	M.Sc. Medical Physics	Chulalongkorn University	Bangkok	Thailand
Bachelor's degree	2021	B.Sc. Radiological Technology	Chulabhorn Royal Academy	Bangkok	Thailand
Upper secondary education					
Lower secondary education					
Work Experience					
Start year	End year	Position	Organization	Province	Country
2021	present	Radiological technologist	Chulabhorn Royal Academy	Bangkok	Thailand
Publication					
Year	Journal name	Title			
2024	Radiation Physics and Chemistry	Saiyo N, Thongsawad S, Jearaprasertporn R, Buakao C, Janthawanno P, Pairodsantikul P, Jaemsri S, Piantham W , Paduka S. Evaluation of normal organ doses for extended kV-CBCT protocol in para-aortic region treatment using nanoDot dosimeter. Radiation Physics and Chemistry. 2024 Sep 1;222:111850.
